

# THE BEAUMONT HUB

Welcome to our brand new termly newsletter

## Red Nose Day

Adam and Sean have done a great job selling Joke Books on behalf of the Student Union with all proceeds going to Comic Relief Red Nose Day!

## Safer Internet Day

For Safer Internet Day 2021 students in our Karten Network Suite worked with Assistive Technologist Natalie on online safety awareness and really enjoyed the Safer Internet quiz.

## Transition Action Planning

The Transition Action Planning group were invited to share their experiences of transition from child to adult services with key NHS staff and commissioners.

Their input was well received and sparked excitement as to how services could be improved for young disabled adults! The group have now been asked to attend several more events with hopefully a new development in the pipeline! Keep following for further updates in the coming months as to how the project continues to grow.

## Follow Us On Social Media!

Keep up to date with all our news and events.

### Duke Of Edinburgh Gold Award

Congratulations to Liam on completing his Gold Duke of Edinburghs Award!

Since completing his final two sections Liam has enjoyed supporting other students undertaking both Bronze and Silver.

On reflection of his achievements Liam said "Now I know I have no limits."

Well done Liam and to all involved in delivering and undertaking the award.

**"Now I know I have no limits."**

## NATIONAL CAREERS WEEK

Jordan has been working hard this year and taken a leading role in planning his transition. He has recently had a meeting with the National Careers Service and his Inspira Representative to get more advice from them about his dreams for getting a job in the future. He has also been referred to the Oaklea Trust for their Supported Internship and the Learning 2 Live programme.

Jordan has been using email and Teams to regularly meet with the Local Authority Social Services to pursue his vocational dreams!

Check out our "Sign Of The Day" [YouTube Playlist here.](#)

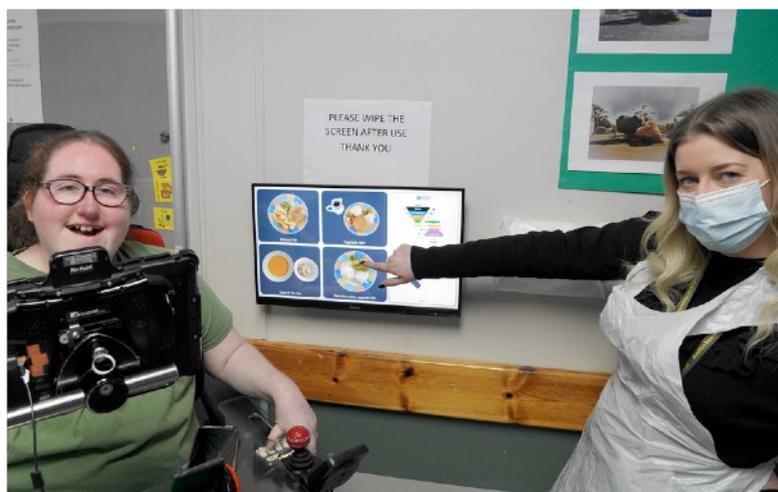

### Interactive Timetable

Stef has put the finishing touches on our interactive timetable touchscreen display. The display also shows the time, weather and a feelings grid. Students absolutely love it!

### Tuck Shop

Great to see our Tuck Shop up and running at Beaumont Carlisle. John did a fantastic job on his work experience placement managing the stock and handling the money.

### New Interactive Menu

AT Natalie and student Greer launched our interactive touch screen menu. Based on Smartbox Assistive Technology's Grid 3 software this bespoke grid set gives our learners the ability to browse through the restaurant menu, providing both visual and audio feedback for greater accessibility.

**We are now taking bookings for both virtual and in person tours of the college for September 2021 and 2022. Contact [admissions@beaumontcollege.ac.uk](mailto:admissions@beaumontcollege.ac.uk)**

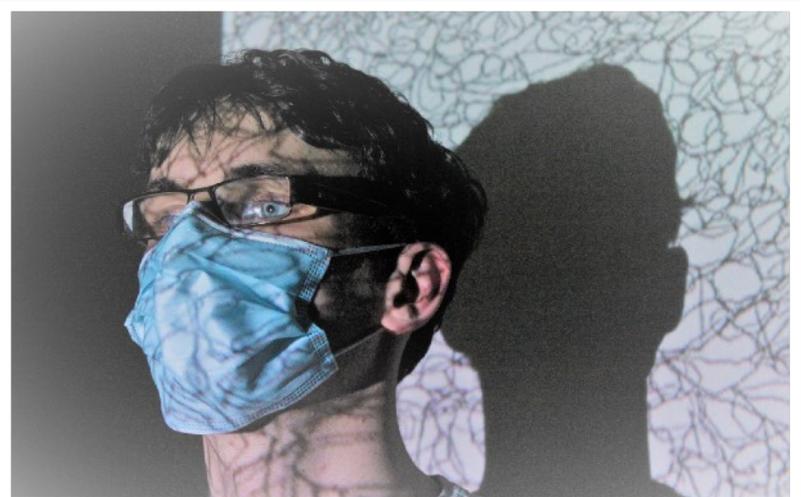

# BEAUMONT ART

## Our work shared both Nationally and Internationally

Beaumont College is excited to be a part of "Blank Canvas 8". A community art exhibition running from March 27th to June 26th 2021 at the Washington Reid Gallery in California (<https://www.washingtonreidgallery.com/>).

We have been invited and accepted to take part by UCP (United Cerebral Palsy) of Los Angeles (<https://www.ucpla.org/>) and cant wait for the exhibition to go live!

Beaumont College, Slyne Road, Lancaster, LA2 6AP. 01524 541400
