Dear Parents and Carers,

As a part of our Student's education across all the Beaumont College Provisions we promote personal wellbeing and development through a comprehensive Learning for Life curriculum. This subject area gives young people the knowledge, understanding, attitudes and practical skills to live safe, healthy, productive lives and meet their full potential. The Department for Education has announced changes to relationships and sex education (RSE), which is part of our program of study. These changes will come into effect from September 2020 and all schools will be required to comply with the updated requirements. This means that we'll be reviewing our RSE curriculum and policy so we can be sure our provision is appropriate for our pupils based on their:

- Age
- Physical and emotional maturity
- Religious and cultural backgrounds
- Special educational needs and disabilities

Learning for Life is taught throughout the College and is monitored and reviewed regularly by the staff and governing body. All teaching takes place in a safe learning environment and is underpinned by our College ethos and values. As a community, we are committed to working in partnership with parents and all stakeholders within it and as such we need your feedback to help us do this. We would like to invite you:

- To take the opportunity to view our draft policy and curriculum intentions
- Complete a questionnaire in order for your feedback to be captured

This information can be accessed on our website through the following link:
