If you're leaving school and want to take the next step in your education, Beaumont College of Further Education in Carlisle could be the place for you - join our community full of passion, enthusiasm and commitment.

At Beaumont College, our values are clearly defined in the firm belief that all students can reach their potential given the right opportunities, the right environment, and the right support. We believe we can make this happen by working together with our students, their parents, carers, families, and other stakeholders. **Together, we can make a difference.**

### **Where and when will I study? What will I learn?**

Beaumont College in Carlisle is based at the Carlisle Youth Zone, Victoria Place. This will be your base and from here you will use the purpose built facilities and local community for learning activities.

College is open 9am to 3:30pm term time. The academic year starts in September and ends in July. This means you'll have time during the holidays to relax and practice your new skills with others.

Your learning plan is person-centred. That means you're the most important person in this learning process. The college staff will start by getting to know you, talking about your future life ambitions and finding out what you would like to learn to help you get there. We will design a range of learning experiences to match what you need.

*"...Could not have asked for a better college for [our son] to attend. The staff are outstanding in everything they do and I'm extremely grateful for what they have done for him..."* - Parent of a student, 2020
